MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Management Information Circular (the "Circular") is furnished in connection with the solicitation of proxies by the management of Posera-HDX Limited (the "Corporation") for use at the Annual and Special Meeting of the shareholders of the Corporation (the "Meeting") to be held at 4:00 p.m. Toronto time, on Wednesday, June 18, 2014, or any adjournment thereof. The cost of solicitation will be borne by the Corporation. It is expected that the solicitation in each case will be primarily by mail, but proxies may also be solicited personally or by telephone by regular employees of the Corporation.

The information contained in this Circular is given as at May 9th, 2014 unless otherwise specified.

CORPORATE REORGANIZATION

On October 7, 2011, the Corporation was formed as a result of a reorganization, by way of a plan of arrangement, which resulted in all of the assets and liabilities of Posera – HDX Inc., except for the Dexit radio frequency identification device ("RFID") business assets and liabilities, and certain other assets being transferred to Posera – HDX Limited. Under the plan of arrangement, the former security holders of Posera – HDX Inc. became the security holders of Posera – HDX Limited and Posera – HDX Inc. (renamed Dexit Inc.), became a wholly owned subsidiary of Posera – HDX Limited.

As the security holders of Posera – HDX Limited were the former security holders of Posera – HDX Inc., Posera – HDX Limited is substantially a continuation of Posera – HDX Inc. As such, certain historical and comparative information of Posera – HDX Inc. has been presented as if it were the historical and comparative information of Posera – HDX Limited.

APPOINTMENT OF PROXY HOLDERS

The persons named in the enclosed proxy form are members of management of the Corporation who have been designated by management to represent shareholders. **A shareholder has the right to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting or any adjournment thereof. To exercise this right, the shareholder may strike out the printed names and insert the name of the shareholder's chosen proxy in the blank space provided in the proxy form for that purpose or complete another form of proxy.**

VALIDITY OF PROXIES

To be valid, the enclosed proxy form must be deposited with the Corporation's transfer agent and registrar, TMX Equity Transfer Services, either (1) by mail using the envelope provided, (2) by personal delivery to 200 University Avenue, Suite 300, Toronto, Ontario, M5H 4H1, or (3) by facsimile to (416) 595-9593, in each case to be received no later than 4:00 p.m. (Toronto time), Monday, June 16th, 2014, or be presented at the Meeting.

REVOCATION OF PROXIES

Any shareholder who has returned a proxy may revoke it by depositing an instrument in writing executed by the shareholder, or by the shareholder's attorney authorized by the shareholder in writing to do so, with the Secretary of the Corporation, at 350 Bay Street, Suite 700, Toronto, Ontario M5H 2S6 to be received before 4:00 p.m., Toronto time, on the second last business day preceding the date of the Meeting or any adjournment thereof or, as to any matter upon which a vote has not already been cast pursuant to the authority conferred by such proxy, with the chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares owned by a person (a "non-registered shareholder" or a "beneficial owner") are registered either (a) in the name of an intermediary (an "Intermediary") that the non-registered shareholder deals with in respect of the shares. Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-directed retirement plans and similar plans); or (b) in the name of a clearing agency (such as Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant.

Canadian securities laws permit reporting companies, such as the Corporation, and other persons and companies to send materials related to the affairs of the reporting company directly to beneficial owners of the reporting company's securities if the beneficial owner does not object ("non-objecting beneficial owner" or "NOBO") to having beneficial ownership information, consisting of name, address, electronic mail address, securities holdings and preferred language of communication disclosed to the reporting company or other persons and companies, unless the shareholder has waived the right to receive proxy materials.

The Corporation has appointed its registrar and transfer agent, TMX Equity Transfer Services to send proxy materials to, and seek voting instructions from, NOBOs of the Corporation's securities.

If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary who holds your shares on your behalf.

If a NOBO wishes to vote at the Meeting in person, the NOBO should appoint him/herself as a proxyholder by striking out the printed name in the proxy and inserting his/her own name in the space provided, and otherwise following TMX Equity Transfer Services instructions. NOBOs should carefully follow TMX Equity Transfer Services instructions regarding when and where the proxy is to be delivered.

Intermediaries will send proxy materials to and seek voting instructions from beneficial owners who object ("objecting beneficial owner" or "OBO") to having beneficial ownership information, consisting of name, address, electronic mail address, securities holdings and preferred language of communication disclosed to the reporting company or other persons and companies, unless the shareholder has waived the right to receive proxy materials.

Each Intermediary has its own procedures that must be carefully followed. If an OBO wishes to vote at the Meeting by proxy, the OBO must follow the instructions of the Intermediary, including those regarding when and where the voting instructions or proxy form is to be delivered. If an OBO wishes to vote at the Meeting in person, the OBO should appoint him/herself as a proxyholder by striking out the printed name in the request for voting instructions or proxy form and inserting his/her own name in the space provided, and otherwise following the instruction of the Intermediary. OBOs should carefully

follow the instructions of their Intermediary including those regarding when and where the voting instruction or proxy form is to be delivered.

NOTICE-AND-ACCESS

In November 2012, the Canadian Securities Administrators announced the adoption of regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials on an easily-accessible website, rather than mailing physical copies of the materials.

The Corporation has decided to deliver the Meeting materials to all registered and beneficial Shareholders by posting the Meeting materials on the website <http://noticeinsite.equityfinancialtrust.com/PoseraHDXAM2014/> and will remain on such website for one full year. The Meeting materials will also be available on SEDAR at www.sedar.com.

Shareholders who wish to receive paper copies of the Meeting materials may request copies by calling toll-free in North America at 1-866-393-4891. Meeting materials will be sent to such Shareholders at no cost to them.

All Shareholders will receive a notice-and-access notification which will contain information on how to obtain electronic and paper copies of the Meeting materials in advance of the Meeting.

VOTING SHARES

A record date of May 9th, 2014 (the "Record Date") has been set as the record date for determining the shareholders entitled to receive notice of and to vote at the Meeting. Only shareholders of the Corporation's common shares (the "Common Shares") of record at the close of business on May 9th, 2014 shall be entitled to vote at the Meeting or any adjournment thereof. At the Record Date, 59,343,088 Common Shares were outstanding, each of which entitles the holder to one vote at the Meeting.

MANNER OF VOTING AND TABULATING PROXIES

The persons named in the enclosed proxy form must vote in accordance with any instructions made on the proxy form. **In the absence of any instructions, the persons named in the enclosed proxy form, if named as proxy, will vote FOR all matters to be acted upon at the Meeting as set out in the Notice of Meeting.**

Management knows of no matters to come before the Meeting other than the matters referred to in the Notice of Meeting. **However, if other matters which are not now known to management should properly come before the Meeting or if amendments or variations to the matters referred to in the Notice of Meeting are presented for action at the Meeting, the persons named in the enclosed proxy form have discretionary authority to vote on such matters in accordance with their best judgment.** Proxies will be counted and tabulated by TMX Equity Transfer Services in such a manner as to preserve the confidentiality of individual shareholder votes, except that the Corporation will have access to proxies as necessary to meet applicable legal requirements in the event of a proxy contest, or when those proxies contain written comments or questions from shareholders which are clearly intended to be drawn to the attention of management and/or the directors.

PRINCIPAL HOLDERS OF VOTING SHARES

To the knowledge of the directors and officers of the Corporation, as at May 9th, 2014, no person, other than Paul Howell, beneficially owned, directly or indirectly, or exercised control or direction over Common Shares carrying more than 10% of the voting rights attached to the outstanding Common Shares. Mr. Howell is the registered and beneficial owner of 5,488,454 Common Shares, being approximately 9.2% of the outstanding Common Shares.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. FINANCIAL STATEMENTS

The financial statements for the fiscal year ended December 31, 2013 are included in the Corporation's 2013 Annual Report, mailed to the shareholders with the Notice of Meeting and this Circular. The financial statements are also available in the Investor Relations section of the Corporation's website at www.hdxsolutions.com and on the SEDAR website at www.sedar.com.

2. ELECTION OF DIRECTORS

The Corporation's board of directors (the "Board") is a variable board consisting of not fewer than three and not more than ten directors. The articles of the Corporation authorize the Board to fix the number of the board subject to the requirements of the Business Corporations Act (Ontario) (the "OBCA"). The board has determined that the number of directors constituting the board is set at six. Accordingly, shareholders will be asked to elect six directors at the Meeting.

All six nominees are currently members of the Board and have been since the dates indicated below. Management does not contemplate that any of the nominees will be unable to serve as a director. However, if a nominee should be unable to so serve for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting or until his successor is appointed, unless his office is earlier vacated in accordance with the OBCA and the by-laws of the Corporation.

Unless a shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting, proxies in favour of the management nominees will be voted for the election of all of the nominees whose names are set forth below.

On May 9, 2014 the Board of Directors adopted a policy, which requires that any nominee for director who receives a greater number of votes "withheld" than votes "for" his or her election will be required to tender his or her resignation. This policy applies only to uncontested elections, which are elections in which the number of nominees for director is equal to the number of positions available on the Board of Directors. The Human Resources, Corporate Governance and Nominating Committee ("HRGC&N") will consider the director's resignation and will recommend to the Board of Directors whether or not to accept it. The HRGC&N will be expected to recommend accepting the resignation, except in situations where extenuating circumstances would warrant the applicable director to continue to serve on the Board of Directors. The Board of Directors will act on the HRGC&N's recommendation within 90 days following the applicable annual meeting and will promptly disclose by press release its decision whether to accept the director's resignation, including the reasons for rejecting the resignation, if applicable.

Cease Trade Orders or Bankruptcies

To the knowledge of HDX, no director or executive officer of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, is, or within the last 10 years before the date of this Annual Information Form was, a director or executive officer of any issuer which, while that person was acting in that capacity:

- (a) was the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation, for a period of more than 30 consecutive days;

- (b) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the issuer being the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold its assets;

with the exception;

- i) That on December 23, 2011, Crystallex International Corporation (“Crystallex”), a reporting issuer in British Columbia, Alberta, Manitoba, Ontario, Québec, Nova Scotia and Newfoundland, obtained an order from the Ontario Superior Court of Justice (Commercial List) for protection under the Companies' Creditors Arrangement Act (Canada) (“CCAA Order”), and on December 28, 2011, obtained an order from the United States Bankruptcy Court for the District of Delaware under Chapter 15 of the U.S. Bankruptcy Code recognizing the CCAA Order. These proceedings were commenced following the expropriation of Crystallex’s main mining asset by the Bolivarian Republic of Venezuela in 2011, and the subsequent institution of arbitration proceedings with the World Bank's International Centre for Settlement of Investment Disputes to seek restitution in the amount of US\$3.8 billion. In March 2012, Crystallex announced that it would not be in a position to prepare and file annual audited financial statements and other annual disclosure documents, required by Canadian securities laws in respect of the financial year ended December 31, 2011, by March 30, 2012 and, consequently, would be in default of its continuous disclosure filing requirements under Canadian securities laws. A temporary general cease trade order was issued in April 2012. The cease trade order prohibited the trading of Crystallex’s securities other than for trades made pursuant to debtor-in-possession (DIP) financing as approved by the Ontario Superior Court of Justice. Michael Brown served as an independent director of Crystallex from 2002 until June 2012, at which time he resigned as a director and became a member of the Crystallex advisory panel as required by the credit agreement governing the court-approved DIP financing into which Crystallex entered in 2012.
- ii) Mr. Owen served as a director of Hanfeng Evergreen Inc. (“Hanfeng”) until February 24, 2014. On February 19, 2014, a temporary cease trade order was issued by the Ontario Securities Commission against Hanfeng for failure to file interim financial statements for the six-month period ended December 31, 2013; management’s discussion and analysis relating to the interim financial statements for the six-month period ended December 31, 2013; and certification of the foregoing filings as required by National Instrument 52-109 Certification of Disclosure in Issuers’ Annual and Interim Filings. It was replaced by a permanent cease trade order dated March 3, 2014. The securities commissions of each of Quebec and British Columbia have also issued permanent cease trade orders against Hanfeng.

To the knowledge of the Company, no director or executive officer of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, has, within the last 10 years before the date of this Annual Information Form, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver-manager or trustee appointed to hold his or her assets.

This disclosure also includes any personal holding companies of any of the persons referred to in the preceding paragraphs of this section titled “Cease Trade Orders, Bankruptcies, Penalties or Sanctions.”

3. APPOINTMENT OF AUDITORS

Management recommends the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants of London, Ontario, the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of the Shareholders. PricewaterhouseCoopers LLP have served as the Corporation's auditors since its reorganization and had previously served as the auditors of Posera-HDX Inc. since January 2009.

The Audit Committee Charter provides for the Audit Committee to establish the auditors' fees. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the "Report of the Audit Committee" in this Circular, the Audit Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence.

Unless a shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting, proxies in favour of the management nominees will be voted for the appointment of PricewaterhouseCoopers LLP as auditors of the Corporation.

4. CONTINUATION OF STOCK OPTION PLAN

On September 20, 2011, the Shareholders of the Corporation approved a new stock option incentive plan (the “Plan”). The Plan has a rolling maximum number of Common Shares that may be issued upon the exercise of stock options, but shall not exceed 10% of the issued and outstanding Common Shares at the time of grant. Any increase in the total number of issued and outstanding Common Shares will result in an increase in the available number of options issuable under the Plan, and any exercises of options will make new grants available under the Plan. Options under the Plan vest over various periods from the date of the granting of the option. All options granted under the Plan that have not been exercised within ten years of the grant will expire, subject to earlier termination if the optionee ceases to be an officer, director, employee or consultant of the Corporation. The Plan was enacted to encourage ownership of the Corporation's Common Shares by its key officers, directors, employees and consultants.

The Toronto Stock Exchange (“TSX”) requires that in respect of evergreen stock option plans, like the Plan, all unallocated options under the Plan must be approved by Shareholders every three years. Shareholders will be asked at the Meeting to consider and, if deemed advisable, to approve, by a simple majority of votes cast at the Meeting, a resolution, the text of which is set forth in Schedule B of this Circular (the “**Stock Option Plan Resolution**”), to approve the unallocated options under the Plan. The approvals required by the TSX do not increase the number of options which may be granted under the Plan, they merely confirm that those options available under the Plan which have not yet been granted will remain available for granting for the next three years.

The Board has determined that the continued ability to grant options under the Plan is in the best interests of the Company and the Shareholders primarily because it provides the Board with a mechanism to provide incentives to management and employees to maximize shareholder value. The Board unanimously recommends that Shareholders vote in favour of the Stock Option Plan Resolution.

EXECUTIVE COMPENSATION

The following information is provided pursuant to the executive compensation disclosure requirements contained in National Instrument 51-102 Continuous Disclosure Obligations (“NI 51-102”).

COMPOSITION AND MANDATE OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE COMPENSATION DISCUSSION AND ANALYSIS

The Board has established the Human Resources, Corporate Governance and Nominating Committee (the “HRCG&N Committee”) to take steps as the HRCG&N Committee deems appropriate within the scope of its charter to ensure that the Corporation has an effective plan of executive and management compensation, development and retention. This plan is to be competitive, motivating and rewarding to the degree that it will attract, retain and inspire executives who in turn will enhance the growth and profitability of the Corporation.

It is the responsibility of the HRCG&N Committee to make recommendations to the Board and to oversee all aspects of compensation and career development for the Corporation’s senior executives. It also reviews management’s recommendations for the granting of stock options to the executive officers and other key employees of the Corporation prior to the Board’s consideration and decision on the recommendation. The HRCG&N Committee (or the board as a whole), reviews the compensation of each senior executive annually, or as may be required, and recommends to the Board any adjustment required to maintain a competitive position.

The HRCG&N Committee is also responsible for reviewing, approving and reporting to the Board, annually or more frequently as required, the CEO’s succession plans for executive management including specific development plans and career planning for potential successors.

As at the date of this Circular, the HRCG&N Committee is comprised of Paul Fornazzari and David Del Chiaro, with Mr. Fornazzari being the chair. Mr. Del Chiaro is an independent director under the standards established by Canadian securities regulatory authorities in National Instrument 58-101 Corporate Governance (“NI 58-101”).

Each HRCG&N Committee member has direct experience that is relevant to his responsibilities in executive compensation, as well as the skills and experience that enable him to make informed decisions on the suitability of the Corporation’s compensation policies and practices. They have held executive management roles with companies where the human resources department reported to them; or they gained executive compensation experience and skills as members of board of directors or board committees and/or as advisors to boards and committees where they gained direct experience and skills in human resources matters, including executive compensation.

Mr. Del Chiaro is a seasoned owner operator of grocery stores and is a former director of People’s Telephone Company of Forest Inc. and of the Canadian Federation of Independent Grocers. In his director and owner operator roles, Mr. Del Chiaro has been directly involved in establishing and overseeing executive compensation programs.

Mr. Fornazzari is a partner of Gowling Lafleur Henderson LLP, one of Canada’s largest law firms and the former national leader of its Corporate Finances, Securities and Public M&A Group. Mr. Fornazzari has acted for domestic and foreign public and private clients advising such clients and their boards on a wide variety of matters including corporate governance, executive compensation and compliance with securities laws. In his internal roles at Gowlings and as an advisor to his clients, Mr. Fornazzari has extensively advised on compensation and employment agreement matters for senior executives as well as equity incentive plans for various companies.

COMPENSATION DISCUSSION AND ANALYSIS

It is the compensation philosophy of the Corporation to provide a blend of base salaries, bonuses and an equity incentive component in the form of options. The following summarizes these elements of compensation:

i) Base Salary

In determining the base salary of an executive officer, the Committee begins its analysis with a recommendation from the CEO of the Corporation and places weight on the following factors: the particular responsibilities relates to the position; salaries paid by comparable businesses in the technology sector; the experience level of the executive officer; and his or her overall performance.

ii) Bonus Payments

Executive officers are eligible for annual cash bonuses, after taking into account recommendations from management and giving weight to attainment of general corporate objectives and milestones, financial situation of the Corporation, and individual performance. The Committee places importance on the achievement of general corporate objectives and milestones when determining the level of bonuses (if any) to be paid. In taking into account the financial status of the Corporation, the Committee considers factors over which the executive officers can exercise control, such as, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Corporation.

iii) Long-Term Incentives

The Committee believes that granting stock options to key personnel encourages retention and more closely aligns the interests of executive management with the intent of shareholders. The inclusion of options in compensation packages allows the Corporation to compensate employees while not drawing on limited cash resources. Further, the Committee believes that the option component serves to further align the interests of management with the interest of the Corporation's shareholders. The amount of options to be granted is based on recommendations from management and include the relative contribution and involvement of the individual in question as well as taking into consideration previous option grants.

CHIEF EXECUTIVE OFFICER

The compensation for the Corporation's CEO is designed to be competitive with the average compensation designed for chief executive officers of comparable companies or competitors. Compensation for the CEO is subject to the same review and evaluation criteria that are applied to the compensation of the Corporation's other senior executives. Special emphasis is placed by the Committee on the performance of the CEO with respect to strategic planning and building and increasing shareholder value. The evaluation of the CEO's performance considers three areas, recognizing that the first carries the most weight:

- (i) achievement of general corporate objectives and standards of performance; and
- (ii) consistency of performance.

Risks Associated with Compensation Practices

The HRCG&N Committee has not formally considered or reviewed the implications of the risks associated with the Corporation's compensation policies and practices. Notwithstanding the foregoing, the HRCG&N Committee does not believe that the Corporation's current executive compensation policies and practices encourage its executive officers to take inappropriate or excessive risks as the Corporation's compensation structure provides a mix of short and long term rewards.

2013 Stock Option Grants

The following table sets forth individual grants of options to purchase Common Shares to the Named Executive Officers during the financial year ended December 31, 2013. All of the options granted had an exercise price equal to the market price of Common Shares on the date immediately preceding the date of the grant.

Outstanding Share-based Awards and Option Based Awards

An option to acquire Posera-HDX Shares is "in-the-money" when it can be exercised at a profit. This happens when the market value of the Posera-HDX Shares is higher than the price at which the options may be exercised. The value of unexercised in-the-money options is calculated using the closing price of a board lot of Common Shares on the TSX on December 31, 2013, less the exercise price of those options. The underlying options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of the Posera-HDX Shares on the date of exercise.

Director Compensation

Up until June 21, 2006, the independent directors were compensated for serving as directors of Posera-HDX and as chairs or members of committees of the board through a combination of stock options, cash compensation consisting of retainer fees and meeting fees, and reimbursement of reasonable related expenses, with cash compensation being the primary form of compensation. Posera-HDX has adopted a revised policy under which directors are paid fixed retainers for participation on the board and its standing committees, with no per diem meeting fees.

The Chairman of the Board is entitled to cash compensation of \$36,000 per year, and each director is entitled to cash compensation of \$12,000 per year. Members of committees of the board are also entitled to an annual fee of \$5,000 per year, and the Chairman of each committee is entitled to an additional \$5,000 per year. The Chief Executive Officer is not entitled to any additional compensation in his capacity as a member of the Board.

In order to conserve working capital, the independent directors have all agreed to accept stock options in lieu of any cash compensation for serving on the Board and its standing committees. On June 15, 2012, Posera-HDX issued a total of 1,139,339 options to purchase Common Shares of Posera-HDX to members of the Board in respect of their services rendered to Posera-HDX during the three-months ended 2011 and for the year-ended 2012 (the “**2012 Compensation Options**”). The 2012 Compensation Options are fully vested, are exercisable at a price of \$0.25 per share and expire June 15, 2017. The Company did not issue any Compensation Options for services rendered by the Board during the year-ended December 31, 2013. The Company has accrued the Boards fees as at December 31, 2013 and expects to issue Compensation Options for the 2013 services rendered in 2014.

Hedging of Economic Risks for Personal Equity Ownership

The Corporation has not formally adopted a policy which prohibits NEOs and Directors from selling the Corporation's securities short or buying or selling call or put options or purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. The Corporation is not aware of any Director or NEO purchasing any of these types of financial instruments in order to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Securities Authorized for Issuance under Equity Compensation Plans

Posera-HDX's only security-based compensation arrangements are its two option plans and a share purchase plan. The 2002 Stock Option Plan (the "2002 Plan") was established in 2002 in connection with Posera-HDX's initial public offering. It provides for the issuance of up to 2,000,000 Common Shares pursuant to the exercise of options under this Plan, of which 1,157,894 options had been granted and 11,400 remain issued and outstanding as at May 9th, 2014. Posera-HDX does not intend to grant any further options under the 2002 Plan.

The 2011 Stock Option Incentive Plan (the "2011 Plan") was approved by the shareholders of Posera-HDX in September 2011. The 2011 Plan provides for a rolling maximum number of Posera-HDX Shares that may be issued upon the exercise of stock options, being 10% of the issued and outstanding Posera-HDX Shares at the time of grant. Any increase in the total number of issued and outstanding Posera-HDX Shares will result in an increase in the available number of Posera-HDX Shares issuable under the Plan, and any exercises of options will make new grants available under the 2011 Plan. As of May 9th, 2014, Posera-HDX was authorized to issue 4,939,105 options under the 2011 Plan, of which 4,682,605 are outstanding and remain unexercised.

In addition to its stock option plans, in 2005 the shareholders of Posera-HDX approved the establishment of a share purchase plan to encourage ownership of Posera-HDX Shares by its employees, officers, directors and other eligible participants (the "**Share Purchase Plan**"). The number of Posera-HDX Shares reserved for issuance under the Share Purchase Plan is 750,000 shares with provision that the Board has the right from time to time to increase such number subject to the approval of the Shareholders of Posera-HDX. During 2013, no Posera-HDX Common Shares were issued under the Share Purchase Plan.

The following table sets out information on these plans as at December 31, 2013.

Plan Category	Number of securities to be issued upon exercise of outstanding options (a)	Weighted-average exercise price of outstanding options (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Posera-HDX's directors and officers are covered under directors and officers liability insurance policies. Currently, the aggregate limit of liability applicable to the insured directors and officers under the policies is \$5 million inclusive of defense costs. Under the policies, Posera-HDX has reimbursement coverage to the extent that it or a subsidiary has indemnified a director or officer in excess of a deductible of \$50,000 for each loss, or \$50,000 in the event of each securities claim. The policies include coverage for wrongful acts (including misleading statements), insuring against any legal obligation to pay on account of any claims brought subject to policy exclusions. Posera-

HDX's by-laws also provide for the indemnification of its directors and officers from and against liability and costs in respect of any action or suit against them in connection with the execution of their duties of office, subject to certain limitations. Posera-HDX has also entered into an individual indemnification agreement, each in identical terms, with each director and officer to indemnify each such director or officer to the fullest extent permitted by law in connection with any event or claim related to the individual being a director or officer of Posera-HDX or any subsidiary of Posera-HDX, and to set out the process for indemnification payments to be made.

The Board has a written mandate to govern the Corporation and to protect and enhance the assets of the Corporation in the long-term best interests of the shareholders. The governance structure – including the board and board committee mandates, board oversight and approvals framework, board issued policies, and a number of other elements – is regularly reviewed and revised as governance best practices evolve. For example, in the past several years new rules, policies and suggested practices were adopted by the securities regulatory authorities in Canada in connection with corporate governance, disclosure, and audit committees. The Corporation has updated its governance programs to comply with the new requirements, and has also adopted suggested practices where they were considered to be appropriate for the Corporation and its stakeholders.

The following is an overview of the Corporation's corporate governance practices.

DIRECTOR INDEPENDENCE

The Board is responsible for determining whether or not each director is independent within the meaning of applicable securities laws. To do this, the Board analyzes whether each director is independent of management and free from any interest or any business or other relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment.

At December 31, 2013, the directors of the Corporation were Messrs. Paul Howell, Paul Fornazzari, Loudon Owen, Michael Brown, David Del Chiaro and Gary Figueira. In the view of the Board, all these directors were and are independent within the meaning of the relevant CSA rules, except for Mr. Howell, as he was the CEO of the Corporation and Mr. Fornazzari, as his law firm acts as the Company's counsel, at that time. None of the other four directors have worked in the day-to-day operations of the Corporation or is a party to any material contracts with the Corporation or has a direct or indirect material relationship with the Corporation so as not to be independent for the purposes of being a director, within the meaning of the applicable definitions in section 1.2 of NI 58-101 and section 1.4 of Multilateral Instrument 52-110 – Audit Committees ("MI 52-110").

See "Particulars of Matters to be Acted Upon – Election of Directors" for more information about each director.

Directorships of Other Reporting Issuers

Mr. Owen is a director of Genesis Land Development Corp., which is publicly traded on the Toronto Stock Exchange ("TSX"), Kilo Goldmines Ltd., which is publicly traded on the TSX Venture Exchange and Aureus Mining Inc., which is publically traded on the TSX Venture Exchange and the Alternative Investment Market ("AIM"), which is a sub-market of the London Stock Exchange.

Mr. Fornazzari holds a directorship in Latin American Minerals Inc. and Lithium Americas Corp., which are publicly traded on the TSX Venture Exchange.

Mr. Brown holds directorship in Afri-Can Marine Minerals Corporation, which is publically traded on the TSX Venture Exchange.

Meetings of the Board

The governance framework has been designed to enable the Board to function independently. At every regular board meeting, an in camera session is scheduled for all non-management directors. The Board and the committees regularly invite members of management to attend meetings to report on relevant subjects and facilitate communication between the directors and management.

Independent Chair

The Corporation's Board Charter stipulates that the roles of the Chair of the Board and the CEO should be separate, further enabling the independence of the Board. Mr. Owen is an independent director who was appointed Chair of the Board and has served as the principal liaison between the Board and management. In addition, as Chair of the Board, he ensured that the Board operated independently of management and that directors had an independent leadership contact. He managed the affairs of the Board with a view to ensuring that the Board functioned effectively and met its obligations and responsibilities to shareholders.

BOARD MANDATE

As stated above, the Board is responsible for the stewardship of the Corporation. The mandate of the Board, more fully set out in Schedule "A" to this Information Circular, describes the Board's responsibilities and provides a list of specific matters which the Board must oversee and/or approve. The Board discharges its responsibilities directly, and through committees constituted by the Board.

POSITION DESCRIPTIONS

The Board has approved descriptions of the roles and responsibilities for the Chair of the Board and the CEO, outlining their respective authorities and responsibilities. The HRCG&N Committee reviews and recommends to the Board for approval the corporate objectives that the CEO is responsible for meeting. The CEO's performance evaluation is the responsibility of the Chair of the Board with input from the full Board.

ORIENTATION AND CONTINUING EDUCATION

In conjunction with the Chair, the HRCG&N Committee is responsible for the orientation and training of new directors.

When a director is elected to the Board, he or she will be given a letter of appointment outlining his or her duties, responsibilities, and remuneration, and an orientation package including material that will assist in familiarizing the new director with the Corporation.

On a frequent basis, members of management attend Board meetings or provide briefing papers to provide insights to the directors on the Corporation's operations, industry developments and the competitive landscape, or trends in governance matters, in order to keep the directors informed and up to date.

ETHICAL BUSINESS CONDUCT

The Board has adopted a code of ethical business conduct (the "Code"), which summarizes the standards of business conduct that are to guide the actions of all directors, officers and employees of the Corporation. The goal of the Code is to promote, above all, honest and ethical conduct and fair dealing in all business relationships with respect to all of the Corporation's stakeholders – including its shareholders, customers, suppliers, other business partners, regulators, and employees.

In addition, the Corporation has adopted "whistleblower" procedures so that an employee can report, on an anonymous basis if preferred, concerns that he or she may have regarding accounting, internal accounting controls or auditing matters as well as compliance with the Code. The Board is responsible for monitoring compliance with the Code and only the HRCG&N Committee of the Corporation or the Board may waive the application of any provision of the Code to a director or officer of the Corporation. Any amendments to the Code may only be made by the Board.

The Code was adopted in 2006. There were no material change reports filed during the fiscal year ended December 31, 2013 that relate to conduct which would have represented departures from the Code by any directors or officers of the Corporation.

A director or officer who is directly a party to a material transaction or is a director or officer of a party to a material transaction with the Corporation must disclose in writing the nature and extent of his or her interest in the transaction and subject to certain statutory exceptions shall not vote on any resolution to approve the transaction, all as detailed in the OBCA.

A copy of the Code is available on the Corporation's website at www.hdxsolutions.com or on SEDAR at www.sedar.com.

HRCG&N COMMITTEE

The HRCG&N Committee of the Board is composed of one independent director and one director who is deemed to be non-independent under the CSA rules. The HRCG&N Committee recommends to the Board such compensation policies for the Chair of the Board, the directors and executive management to ensure alignment with shareholders' interests and corporate performance.

When reviewing candidates, the HRCG&N Committee takes into consideration factors such as the candidate's skills, commitment, and ability to add value to the Board. The candidate must have business experience compatible with the Corporation's strategic and business objectives, the ability to devote the time required, show support for the Corporation's mission and strategic objectives, and be willing to serve.

The HRCG&N Committee may engage outside advisors to assist in identifying qualified candidates. The charter of the HRCG&N Committee requires that all committee members satisfy the applicable independence requirements of NI 58-101, National Policy 58-101 Corporate Governance Guidelines ("NP 58-201"), and other regulatory requirements. From October 7, 2011 to December 31, 2011, the HRCG&N Committee was comprised of Messrs. Paul Fornazzari, and David Del Chiaro, with Mr. Fornazzari being the Chair.

The HRCG&N Committee reviews directors' and officers' compensation once a year, and makes its recommendations to the Board. To make its recommendations, the HRCG&N Committee takes into account the types of compensation and the amounts paid to directors and officers in comparable publicly-traded Canadian companies.

Board members (except for Mr. Howell) are compensated for serving as directors of the Corporation and as Chairs or members of committees of the Board through a combination of stock options, cash compensation consisting of retainer fees and meeting fees, and reimbursement of reasonable related expenses. Specific details of the compensation of directors are provided under the heading, "Compensation of Directors".

The HRCG&N Committee is responsible to review and recommend to the Board the compensation for the CEO and may approve the compensation for each other member of executive management. It also reviews management's recommendations for the granting of stock options to executive management and other key employees of the Corporation.

The HRCG&N Committee is also responsible to review the appointments and succession planning for executive management, and has oversight responsibility for the Corporation's general human resources policies and practices.
