MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This Management Information Circular (the "Circular") is furnished in connection with the solicitation of proxies by the management of Posera Ltd. (the "Corporation" or "Posera") for use at the Annual Meeting of the shareholders of the Corporation (the "Meeting") to be held at 4:00 p.m. Toronto time, on Monday, June 25, 2018, or any adjournment thereof. The cost of solicitation will be borne by the Corporation. It is expected that the solicitation in each case will be primarily by mail, but proxies may also be solicited personally or by telephone by regular employees of the Corporation.

The information contained in this Circular is given as at May 24th, 2018 unless otherwise specified.

APPOINTMENT OF PROXY HOLDERS

The persons named in the enclosed proxy form are members of management of the Corporation who have been designated by management to represent shareholders. **A shareholder has the right to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting or any adjournment thereof. To exercise this right, the shareholder may strike out the printed names and insert the name of the shareholder's chosen proxy in the blank space provided in the proxy form for that purpose or complete another form of proxy.**

VALIDITY OF PROXIES

To be valid, the enclosed proxy form must be deposited with the Corporation's transfer agent and registrar, TSX Trust Company, either (1) by mail using the envelope provided, (2) by personal delivery to 100 Adelaide Street West, Suite 301, Toronto, Ontario, M5H 4H1, or (3) by facsimile to (416) 595-9593, in each case to be received no later than 4:00 p.m. (Toronto time), Friday, June 22nd, 2018, or be presented at the Meeting.

REVOCATION OF PROXIES

Any shareholder who has returned a proxy may revoke it by depositing an instrument in writing executed by the shareholder, or by the shareholder's attorney authorized by the shareholder in writing to do so, with the Secretary of the Corporation, at 1106 Dearness Drive, Unit #4, London, Ontario N6E 1N9 to be received before 4:00 p.m., Toronto time, on the second last business day preceding the date of the Meeting or any adjournment thereof or, as to any matter upon which a vote has not already been cast pursuant to the authority conferred by such proxy, with the chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law.

VOTING BY NON-REGISTERED SHAREHOLDERS

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, shares owned by a person (a "non-registered shareholder" or a "beneficial owner") are registered either (a) in the name of an intermediary (an "Intermediary") that the non-registered shareholder deals with in respect of the shares. Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-directed retirement plans and similar plans); or (b) in the name of a clearing agency (such as Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant.

Canadian securities laws permit reporting companies, such as the Corporation, and other persons and companies to send materials related to the affairs of the reporting company directly to beneficial owners of the reporting company's securities if the beneficial owner does not object ("non-objecting beneficial owner" or "NOBO") to having beneficial ownership information, consisting of name, address, electronic mail address, securities holdings and preferred language of communication disclosed to the reporting company or other persons and companies, unless the shareholder has waived the right to receive proxy materials.

The Corporation has appointed its registrar and transfer agent, TSX Trust Company to send proxy materials to, and seek voting instructions from, NOBOs of the Corporation's securities.

If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary who holds your shares on your behalf.

If a NOBO wishes to vote at the Meeting in person, the NOBO should appoint him/herself as a proxyholder by striking out the printed name in the proxy and inserting his/her own name in the space provided, and otherwise following TSX Trust Company instructions. NOBOs should carefully follow TSX Trust Company instructions regarding when and where the proxy is to be delivered.

Intermediaries will send proxy materials to and seek voting instructions from beneficial owners who object ("objecting beneficial owner" or "OBO") to having beneficial ownership information, consisting of name, address, electronic mail address, securities holdings and preferred language of communication disclosed to the reporting company or other persons and companies, unless the shareholder has waived the right to receive proxy materials.

Each Intermediary has its own procedures that must be carefully followed. If an OBO wishes to vote at the Meeting by proxy, the OBO must follow the instructions of the Intermediary, including those regarding when and where the voting instructions or proxy form is to be delivered. If an OBO wishes to vote at the Meeting in person, the OBO should appoint him/herself as a proxyholder by striking out the printed name in the request for voting instructions or proxy form and inserting his/her own name in the space provided, and otherwise following the instruction of the Intermediary. OBOs should carefully follow the instructions of their Intermediary including those regarding when and where the voting instruction or proxy form is to be delivered.

VOTING SHARES

A record date of May 25th, 2018 (the "Record Date") has been set as the record date for determining the shareholders entitled to receive notice of and to vote at the Meeting. Only holders of the Corporation's common shares (the "Common Shares") of record at the close of business on May 25th, 2018 shall be entitled to vote at the Meeting or any adjournment thereof. At the Record Date, 119,796,879 Common Shares were outstanding, each of which entitles the holder to one vote at the Meeting.

MANNER OF VOTING AND TABULATING PROXIES

The persons named in the enclosed proxy form must vote in accordance with any instructions made on the proxy form. **In the absence of any instructions, the persons named in the enclosed proxy form, if named as proxy, will vote FOR all matters to be acted upon at the Meeting as set out in the Notice of Meeting.**

Management knows of no matters to come before the Meeting other than the matters referred to in the Notice of Meeting. **However, if other matters which are not now known to management should properly come before the Meeting or if amendments or variations to the matters referred to in the Notice of Meeting are presented for action at the Meeting, the persons named in the enclosed proxy form have discretionary authority to vote on such matters in accordance with their best judgment.** Proxies will be counted and tabulated by TSX Trust Company in such a manner as to preserve the confidentiality of individual shareholder votes, except that the Corporation will have access to proxies as necessary to meet applicable legal requirements in the event of a proxy contest, or when those proxies contain written comments or questions from shareholders which are clearly intended to be drawn to the attention of management and/or the directors.

PRINCIPAL HOLDERS OF VOTING SHARES

To the knowledge of the directors and officers of the Corporation, as at May 24th, 2018, no person, beneficially owned, directly or indirectly, or exercised control or direction over Common Shares carrying more than 10% of the voting rights attached to the outstanding Common Shares.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. FINANCIAL STATEMENTS

The financial statements for the fiscal year ended December 31, 2017 are made available to the shareholders with the Notice of Meeting and this Circular. The financial statements are also available in the Investor Relations section of the Corporation's website at www.posera.com and on the SEDAR website at www.sedar.com

2. ELECTION OF DIRECTORS

The Corporation's board of directors (the "Board") is a variable board consisting of not fewer than three and not more than ten directors. The articles of the Corporation authorize the Board to fix the number of director's subject to the requirements of the Business Corporations Act (Ontario) (the "OBCA"). The board has determined that the number of directors constituting the board is set at seven. Accordingly, shareholders will be asked to elect seven directors at the Meeting.

As of May 24th, 2018 six nominees are currently members of the Board and have been since the dates indicated below. Mr. Poirier is a prospective member of the board. Management does not contemplate that any of the nominees will be unable to serve as a director. However, if a nominee should be unable to so serve for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Each director elected will hold office until the next annual meeting or until his successor is appointed, unless his office is earlier vacated in accordance with the OBCA and the by-laws of the Corporation.

Unless a shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting, proxies in favour of the management nominees will be voted for the election of all of the nominees whose names are set forth below.

On May 9, 2014 the Board adopted a policy, which requires that any nominee for director who receives a greater number of votes "withheld" than votes "for" his or her election will be required to tender his or her resignation. This policy applies only to uncontested elections, which are elections in which the number of nominees for director is equal to the number of positions available on the Board. The Human Resources, Corporate Governance and Nominating Committee ("HRGC&N") will consider the director's resignation and will recommend to the Board of Directors whether or not to accept it. The HRGC&N will

be expected to recommend accepting the resignation, except in situations where extenuating circumstances would warrant the applicable director to continue to serve on the Board. The Board will act on the HRGC&N's recommendation within 90 days following the applicable annual meeting and will promptly disclose by press release its decision whether to accept the director's resignation, including the reasons for rejecting the resignation, if applicable.

- (b) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the issuer being the subject of a cease trade or similar order or an order that denied the issuer access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver-manager or trustee appointed to hold its assets;

with the exception;

- i) That on December 23, 2011, Crystallex International Corporation (“Crystallex”), a reporting issuer in British Columbia, Alberta, Manitoba, Ontario, Québec, Nova Scotia and Newfoundland, obtained an order from the Ontario Superior Court of Justice (Commercial List) for protection under the Companies' Creditors Arrangement Act (Canada) (“CCAA Order”), and on December 28, 2011, obtained an order from the United States Bankruptcy Court for the District of Delaware under Chapter 15 of the U.S. Bankruptcy Code recognizing the CCAA Order. These proceedings were commenced following the expropriation of Crystallex’s main mining asset by the Bolivarian Republic of Venezuela in 2011, and the subsequent institution of arbitration proceedings with the World Bank's International Centre for Settlement of Investment Disputes to seek restitution. In March 2012, Crystallex announced that it would not be in a position to prepare and file annual audited financial statements and other annual disclosure documents, required by Canadian securities laws in respect of the financial year ended December 31, 2011, by March 30, 2012 and, consequently, would be in default of its continuous disclosure filing requirements under Canadian securities laws. A temporary general cease trade order was issued in April 2012. The cease trade order prohibited the trading of Crystallex’s securities other than for trades made pursuant to debtor-in-possession (DIP) financing as approved by the Ontario Superior Court of Justice. Mr. Brown served as an independent director of Crystallex until June 2012, at which time he resigned as a director and became a member of the Crystallex advisory

panel as required by the credit agreement governing the court-approved DIP financing into which Crystallex entered in 2012.

- ii) That on January 5, 2015, a cease trade order was issued by the Autorité des marchés financiers against Afri-Can Marine Minerals Corporation, a TSX Venture Exchange-listed company, for failing to file annual financial statements for the period ended August 31, 2014, within the required time period. Mr. Brown served as a director of Afri-Can Marine Minerals Corporation until November 28, 2014.
- iii) That on February 19, 2014, a temporary cease trader order was issued by the Ontario Securities Commission against Hanfeng Evergreen Inc. (“Hanfeng”) for failure to file interim financial statements for the six-month period ended December 31, 2013; management’s discussion and analysis relating to the interim financial statements for the six-month period ended December 31, 2013; and certification of the foregoing filings as required by National Instrument 52-109 *Certification of Disclosure in Issuers’ Annual and Interim Filings*. It was replaced by a permanent cease trade order dated March 3, 2014. The securities commissions of each of Quebec and British Columbia issued similar orders. Mr. Nordholm served as a director of Hanfeng until February 24, 2014.
- iv) Mr. Nordholm served as directors of The Fight Network Inc., a private Company, which filed for bankruptcy proceedings in October 2010. Mr. Nordholm ceased being a director of The Fight Network Inc. in October 2010.

To the knowledge of the Company, no director or executive officer of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, has, within the last 10 years before the date of this Annual Information Form, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver-manager or trustee appointed to hold his or her assets.

This disclosure also includes any personal holding companies of any of the persons referred to in the preceding paragraphs of this section titled “Cease Trade Orders, Bankruptcies, Penalties or Sanctions.”

3. APPOINTMENT OF AUDITORS

Management recommends the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants of London, Ontario, the present auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of the Shareholders. PricewaterhouseCoopers LLP have served as the Corporation's auditors since its reorganization and had previously served as the auditors of Posera Ltd. since January 2009.

The Audit Committee Charter provides for the Audit Committee to establish the auditors' fees. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the "Report of the Audit Committee" in this Circular, the Audit Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence.

Unless a shareholder has specified in the enclosed form of proxy that the shares represented by such proxy are to be withheld from voting, proxies in favour of the management nominees will be voted for the appointment of PricewaterhouseCoopers LLP as auditors of the Corporation.

EXECUTIVE COMPENSATION

The following information is provided pursuant to the executive compensation disclosure requirements contained in National Instrument 51-102 Continuous Disclosure Obligations (“NI 51-102”).

COMPOSITION AND MANDATE OF THE HRCG&N COMMITTEE COMPENSATION DISCUSSION AND ANALYSIS

The Board has established the Human Resources, Corporate Governance and Nominating Committee (the “HRCG&N Committee”) to take steps as the HRCG&N Committee deems appropriate within the scope of its charter to ensure that the Corporation has an effective plan of executive and management compensation, development and retention. This plan is to be competitive, motivating and rewarding to the degree that it will attract, retain and inspire executives who in turn will enhance the growth and profitability of the Corporation.

It is the responsibility of the HRCG&N Committee to make recommendations to the Board and to oversee all aspects of compensation and career development for the Corporation’s senior executives. It also reviews management’s recommendations for the granting of stock options to the executive officers and other key employees of the Corporation prior to the Board’s consideration and decision on the recommendation. The HRCG&N Committee (or the board as a whole), reviews the compensation of each senior executive annually, or as may be required, and recommends to the Board any adjustment required to maintain a competitive position.

The HRCG&N Committee is also responsible for reviewing, approving and reporting to the Board, annually or more frequently as required, the CEO’s succession plans for executive management including specific development plans and career planning for potential successors.

As at the date of this Circular, the HRCG&N Committee is comprised of Paul Fornazzari and Edwin Nordholm, with Mr. Fornazzari being the chair. Mr. Nordholm is an independent director under the standards established by Canadian securities regulatory authorities in National Instrument 58-101 Corporate Governance (“NI 58-101”).

Each HRCG&N Committee member has direct experience that is relevant to his responsibilities in executive compensation, as well as the skills and experience that enable him to make informed decisions on the suitability of the Corporation’s compensation policies and practices. They have held executive management roles with companies where the human resources department reported to them; or they gained executive compensation experience and skills as members of board of directors or board committees and/or as advisors to boards and committees where they gained direct experience and skills in human resources matters, including executive compensation.

Mr. Nordholm is a business executive and lawyer with extensive experience in corporate finance, mergers and acquisitions and corporate restructuring. Mr. Nordholm has served on the board of directors for numerous public and private companies. In his director and executive roles, Mr. Nordholm has been directly involved in establishing and overseeing executive compensation programs.

Mr. Fornazzari is a partner of Fasken Martineau DuMoulin LLP, one of Canada’s largest law firms. Mr. Fornazzari has acted for domestic and foreign public and private clients advising such clients and their boards on a wide variety of matters including corporate governance, executive compensation and compliance with securities laws. In his internal roles at Fasken Martineau DuMoulin LLP and as an

advisor to his clients, Mr. Fornazzari has extensively advised on compensation and employment agreement matters for senior executives as well as equity incentive plans for various companies.

COMPENSATION DISCUSSION AND ANALYSIS

It is the compensation philosophy of the Corporation to provide a blend of base salaries, bonuses and an equity incentive component in the form of options. The following summarizes these elements of compensation:

i) Base Salary

In determining the base salary of an executive officer, the Committee begins its analysis with a recommendation from the CEO of the Corporation and places weight on the following factors: the particular responsibilities relates to the position; salaries paid by comparable businesses in the technology sector; the experience level of the executive officer; and his or her overall performance.

ii) Bonus Payments

Executive officers are eligible for annual cash bonuses, after taking into account recommendations from management and giving weight to attainment of general corporate objectives and milestones, financial situation of the Corporation, and individual performance. The Committee places importance on the achievement of general corporate objectives and milestones when determining the level of bonuses (if any) to be paid. In taking into account the financial status of the Corporation, the Committee considers factors over which the executive officers can exercise control, such as, controlling costs, taking successful advantage of business opportunities and enhancing the competitive and business prospects of the Corporation.

iii) Long-Term Incentives

The Committee believes that granting stock options to key personnel encourages retention and more closely aligns the interests of executive management with the intent of shareholders. The inclusion of options in compensation packages allows the Corporation to compensate employees while not drawing on limited cash resources. Further, the Committee believes that the option component serves to further align the interests of management with the interest of the Corporation's shareholders. The amount of options to be granted is based on recommendations from management and include the relative contribution and involvement of the individual in question as well as taking into consideration previous option grants.

CHIEF EXECUTIVE OFFICER

The compensation for the Corporation's CEO is designed to be competitive with the average compensation designed for chief executive officers of comparable companies or competitors. Compensation for the CEO is subject to the same review and evaluation criteria that are applied to the compensation of the Corporation's other senior executives. Special emphasis is placed by the Committee on the performance of the CEO with respect to strategic planning and building and increasing shareholder value. The evaluation of the CEO's performance considers three areas, recognizing that the first carries the most weight:

- (i) achievement of general corporate objectives and standards of performance; and
- (ii) consistency of performance.

Risks Associated with Compensation Practices

The HRCG&N Committee has not formally considered or reviewed the implications of the risks associated with the Corporation's compensation policies and practices. Notwithstanding the foregoing,

the HRCG&N Committee does not believe that the Corporation's current executive compensation policies and practices encourage its executive officers to take inappropriate or excessive risks as the Corporation's compensation structure provides a mix of short and long-term rewards.

Summary Compensation Table

The summary compensation table that follows shows detailed information on total compensation for the Chief Executive Officer, the Chief Financial Officer, the Chief Operating Officer, the President, Vice-President of Corporate Business Development and Senior Vice-President, Partners and Products of the Corporation serving as at December 31, 2017 (the "Named Executive Officers") for services rendered during the fiscal years ended December 31, 2017, 2016 and 2015.

2017 Stock Option Grants

The following table sets forth individual grants of options to purchase Common Shares to the Named Executive Officers during the fiscal year ended December 31, 2017. All of the options granted had an exercise price equal to the market price of Common Shares on the date immediately preceding the date of the grant.

Outstanding Share-based Awards and Option Based Awards

An option to acquire Posera Shares is "in-the-money" when it can be exercised at a profit. This happens when the market value of the Posera Shares is higher than the price at which the options may be exercised. The value of unexercised in-the-money options is calculated using the closing price of a board lot of Common Shares on the TSX on December 31, 2017, less the exercise price of those options. The underlying options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of the Posera Shares on the date of exercise.

Director Compensation

Up until June 21, 2006, the independent directors were compensated for serving as directors of Posera and as chairs or members of committees of the board through a combination of stock options, cash compensation consisting of retainer fees and meeting fees, and reimbursement of reasonable related expenses, with cash compensation being the primary form of compensation. Posera has adopted a revised policy under which directors are paid fixed retainers for participation on the board and its standing committees, with no per diem meeting fees.

The Chairman of the Board is entitled to cash compensation of \$36,000 per year, and each director is entitled to cash compensation of \$12,000 per year. Members of committees of the board are also entitled to an annual fee of \$5,000 per year, and the Chairman of each committee is entitled to an additional \$5,000 per year. The Chief Executive Officer is not entitled to any additional compensation in his capacity as a member of the Board, unless otherwise stipulated in the Chief Executive Officer's employment agreement.

In order to conserve working capital, the independent directors at the time, all agreed to accept stock options in lieu of any cash compensation for serving on the Board and its standing committees. On June 15, 2012, Posera issued a total of 1,139,339 options to purchase Common Shares of Posera to members of the Board in respect of their services rendered to Posera during the three-months ended 2011 and for the year-ended 2012 (the "**2012 Compensation Options**"). The 2012 Compensation Options are fully vested, are exercisable at a price of \$0.25 per share and expire June 15, 2017. The Corporation did not issue any Compensation Options for services rendered by the Board during the year-ended December 31, 2013. The Corporation has accrued the Boards fees as at December 31, 2013. On April 18, 2014, Posera issued a total of 990,000 options to purchase Common Shares of Posera to members of the Board in respect of their services rendered to Posera during the fiscal years ended December 31, 2013 and 2014 (the "**2013 and 2014 Compensation Options**"). The 2013 and 2014 Compensation Options are fully vested as at December 31, 2014, are exercisable at a price of \$0.32 per share and expire April 18, 2019.

During fiscal 2015 and 2016 the Board approved to accept cash compensation for services rendered during the year. During fiscal 2015 Posera's directors received \$92,000 in cash compensation with some electing to accrue the fees and having them paid out at a later date. During fiscal 2016 Posera's directors received \$138,648 in compensation with \$73,148 owing to the Directors at December 31, 2016.

Hedging of Economic Risks for Personal Equity Ownership

The Corporation has not formally adopted a policy which prohibits NEOs and Directors from selling the Corporation's securities short or buying or selling call or put options or purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director. The Corporation is not aware of any Director or NEO purchasing any of these types of financial instruments in order to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Securities Authorized for Issuance under Equity Compensation Plans

Posera's only security-based compensation arrangements are its two option plans and a share purchase plan. The 2002 Stock Option Plan (the "2002 Plan") was established in 2002 in connection with Posera's initial public offering. It provides for the issuance of up to 2,000,000 Common Shares pursuant to the exercise of options under this Plan, of which 1,157,894 options had been granted and nil remain issued and outstanding as at May 12th, 2015. Posera does not intend to grant any further options under the 2002 Plan.

The 2011 Stock Option Incentive Plan (the "Plan") was approved by the shareholders of Posera in September 2011. The Plan provides for a rolling maximum number of Posera Shares that may be issued upon the exercise of stock options, being 10% of the issued and outstanding Posera Shares at the time of grant. On June 29, 2016, the Corporation's shareholders approved an amendment to the Plan, whereby the rolling maximum number of Posera shares that may be issued was increased from 10% to 15% of Posera Shares outstanding at the time of the grant. Any increase in the total number of issued and outstanding Posera Shares will result in an increase in the available number of Posera Shares issuable under the Plan, and any exercises of options will make new grants available under the Plan. The Plan was re-approved by the Shareholders of the Corporation on June 18th, 2014 and June 29th, 2016. Finally, as of May 24th, 2018, Posera was authorized to issue 17,969,532 options under the Plan, of which 8,487,250 are outstanding and remain unexercised.

Key Terms of the Plan

The Plan was enacted to encourage ownership of the Corporation's Common Shares by its key officers, directors, employees and consultants.

The Plan provides that the maximum number of Common Shares which may be reserved and set aside for issuance under the Plan will not exceed, in the aggregate, 15% of the issued and outstanding Common Shares calculated on the date on which an option is granted to a participant (excluding any Common Shares issued pursuant to the exercise of share compensation arrangements over the one-year period preceding the date on which the calculation is made). Based on the issued and outstanding Common Shares calculated as of the date of this Circular such maximum number of Common Shares which may be reserved and set aside is 14,210,665 Common Shares. The Plan is a rolling plan and as such any increase in the total number of issued and outstanding Common Shares will result in an increase in the available number of options issuable under the Plan, and any exercises of options will make new grants available under the Plan.

The Plan also provides that the aggregate number of Common Shares reserved for issuance pursuant to all options granted under the Plan to any one optionee shall not exceed 5% of the issued and outstanding Common Shares.

The Plan is administered by the Board or the Human Resources and Compensation Committee or persons appointed by the Board. All options will be evidenced by an option agreement setting out provisions in respect of the option, including the exercise price, the term and the vesting provisions, which provisions shall be determined as follows:

- *Exercise Price.* The exercise price for options will be set by the Board, but in no event shall the exercise price be less than the volume weighted average trading price of the Common Shares on the TSX for the five trading days immediately preceding the date of grant.
- *Term.* The term of each option shall be fixed by the Board, but no option shall be exercisable more than ten years after the date the option is granted.

- *Vesting.* The vesting provisions in respect of options shall be determined by the Board at the date of grant.
- *Take-over Bid or Sale.* In the event that a take-over bid is made for the Common Shares or the Corporation enters into an agreement in respect of the sale of the Corporation's assets, the Board may authorize the Corporation to give notice to option holders that all options will expire on the date set out in the notice and each optionee may exercise all options held by such optionee prior to such date.
- *Assign Transfer.* All options are non-assignable and non-transferable.

Other terms of the Plan include the following:

Amendments to the Plan

- (a) Subject to regulatory approval and the approval of any stock exchange on which the Common Shares are then listed for trading, and the limitations set out in paragraphs b) and (c) below, the Board may, by resolution, amend, vary or discontinue the Plan, or any agreement or entitlement subject to the Plan, at any time without notice to or approval of the shareholders of the Corporation, including, without limitation, for the purpose of:
 - (i) changing the class of persons who will be eligible to be granted options pursuant to the Plan (other than as provided for in paragraph below) and the authority of the Board in respect of the grant of options under the Plan;
 - (ii) ensuring continuing compliance with applicable laws and regulations and the requirements or policies of any governmental or regulatory authority, securities commission or stock exchange having authority over the Corporation or the Plan;
 - (iii) changes of a "housekeeping", clerical, technical or stylistic nature, including, without limitation, eliminating any ambiguity, error or defect, supplying any omission or correcting or supplementing any provision contained in the Plan or in any agreement subject to the Plan which may be incorrect or incompatible with any other provision of the Plan or such agreement;
 - (iv) changing the method of determining the option price for options granted pursuant to the Plan, provided that the option price shall not in any case be lower than the "market price" of a Common Share, as that term (or any successor term) is interpreted and applied by the Toronto Stock Exchange;
 - (v) changing the following terms governing options under the Plan: (A) vesting terms (including the acceleration of vesting); (B) exercise and payment method (including providing for cashless option exercise) and frequency; (C) transferability or assignability, other than as provided for in paragraph (b) below; (D) to fairly or properly take into account a sale or take-over bid; (E) adjustments required in the circumstances of a change in the capital structure of the Corporation; and (F) the effect of termination (for whatever reason) of the optionee's employment or service;
 - (vi) determining that any of the provisions of the Plan or any agreement subject to the Plan concerning the effect of termination (for whatever reason) of the optionee's employment, service or consulting agreement/arrangement or cessation of the optionee's directorship or office, shall not apply for any reason acceptable to the Board;

 - (ii) any reduction in the option price of an outstanding option held by an insider except for the purpose of maintaining option value in connection with an adjustment relating to changes in the capital structure of the Corporation (for this purpose, the cancellation or termination of an option of an optionee prior to expiry of the option term for the purpose of reissuing an option to the same optionee with a lower exercise price shall be treated as an amendment to reduce the option price of an option);

- *Termination of Participant.* If a holder of an option ceases to be eligible under the Plan any unvested portion of the option held by such person will immediately expire on the date such person becomes ineligible and, further, any vested portion of any option held by that person will expire (i) in the case of

- *Blackout Period.* No option may be exercised by a holder thereof during any when the holder is then restricted from trading Common Shares pursuant to any policy of the Corporation or applicable securities laws (“Blackout Period”). If an option expiry date falls on a date within a Blackout Period or within ten business days following the expiration of a Blackout Period, the expiry date for that option will be automatically extended, without any further act or formality, to that date which is the tenth business day after the end of the Blackout Period.

In addition to its stock option plans, in 2005 the shareholders of Posera approved the establishment of a share purchase plan to encourage ownership of Posera Shares by its employees, officers, directors and other eligible participants (the “Share Purchase Plan”). The number of Posera Shares reserved for issuance under the Share Purchase Plan is 750,000 shares with provision that the Board has the right from time to time to increase such number subject to the approval of the Shareholders of Posera. During 2016, no Posera Common Shares were issued under the Share Purchase Plan.

The following table sets out information on these plans as at December 31, 2017.

Insurance Coverage and Indemnification

Posera’s directors and officers are covered under directors and officer’s liability insurance policies. Currently, the aggregate limit of liability applicable to the insured directors and officers under the policies is \$10 million inclusive of defense costs subject to a \$50,000 deductible. The policies include coverage for wrongful acts (including misleading statements), insuring against any legal obligation to pay on account of any claims brought subject to policy exclusions. Posera’s by-laws also provide for the indemnification of its directors and officers from and against liability and costs in respect of any action or suit against them in connection with the execution of their duties of office, subject to certain limitations. Posera has also entered into an individual indemnification agreement, each in identical terms, with each director and officer to indemnify each such director or officer to the fullest extent permitted by law in connection with any event or claim related to the individual being a director or officer of Posera or any subsidiary of Posera, and to set out the process for indemnification payments to be made.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board is responsible for the stewardship of the Corporation. The Board has a written mandate to govern the Corporation and to protect and enhance the assets of the Corporation in the long-term best interests of the shareholders. The governance structure – including the board and board committee mandates, board oversight and approvals framework, board issued policies, and a number of other elements – is regularly reviewed and revised as governance best practices evolve. For example, in the past several years' new rules, policies and suggested practices were adopted by the securities regulatory authorities in Canada in connection with corporate governance, disclosure, and audit committees. The Corporation has updated its governance programs to comply with the new requirements and has also adopted suggested practices where they were considered to be appropriate for the Corporation and its stakeholders.

The following is an overview of the Corporation's corporate governance practices.

DIRECTOR INDEPENDENCE

The Board is responsible for determining whether or not each director is independent within the meaning of applicable securities laws. To do this, the Board analyzes whether each director is independent of management and free from any interest or any business or other relationship with the Corporation which could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment.

At December 31, 2017, the directors of the Corporation were Messrs. Paul Fornazzari, Loudon Owen, Michael Brown, David Del Chiaro Edwin Nordholm, Tom McCole and Gary Figueira. In the view of the Board, all these directors were and are independent within the meaning of the relevant CSA rules, except for Mr. Owen, as he was and has been the CEO of the Corporation within the last three years, and Mr. Fornazzari, as his law firm from time to time acts as the Corporation's counsel. At the Company's regularly scheduled quarterly Board meetings or on an ad hoc basis as required, the independent directors in attendance and Paul Fornazzari, whom is not involved in operating the Company, hold in-camera sessions without management and non-independent directors. None of the other five directors have worked in the day-to-day operations of the Corporation or is a party to any material contracts with the Corporation or has a direct or indirect material relationship with the Corporation so as not to be independent for the purposes of being a director, within the meaning of the applicable definitions in section 1.2 of NI 58-101 and section 1.4 of Multilateral Instrument 52-110 – Audit Committees ("MI 52-110"). Resulting from the May 22, 2018 resignation of Loudon Owen, Edwin Nordholm is the Interim Chairman of the Company and is independent. Mr. Poirier is standing for election to be a director of the Company on June 25, 2018 and due to his role as CEO he will not be an independent director.

See "Particulars of Matters to be Acted Upon – Election of Directors" for more information about each director.

Directorships of Other Reporting Issuers

Mr. Fornazzari is a director of Neo Lithium Corp., which is publicly traded on the TSX Venture Exchange.

Meetings of the Board

The governance framework has been designed to enable the Board to function independently. At every regular board meeting, an in-camera session is scheduled for all non-management directors. The Board

and the committees regularly invite members of management to attend meetings to report on relevant subjects and facilitate communication between the directors and management.

Independent Chair

Prior to the October 23, 2015 appointment of Mr. Owen as the CEO of the Corporation, the Corporation separated the roles of the Chair of the Board and the CEO to enable the independence of the Board. Mr. Owen prior to October 23, 2015 was an independent director who was appointed Chair of the Board and has served as the principal liaison between the Board and management. In addition, as Chair of the Board, he ensured that the Board operated independently of management and that directors had an independent leadership contact. He managed the affairs of the Board with a view to ensuring that the Board functioned effectively and met its obligations and responsibilities to shareholders. During the period from October 23, 2015 until Mr. Poirier's appointment as CEO of Posera, on January 30, 2017, the Chair of the Board and the CEO position were not separated. The Board periodically assessed the leadership structure of the independent directors to assess the implications of not having the roles of Chair of the Board and CEO bifurcated throughout the period when Mr. Owen served in both capacities. Prospectively, resulting from the May 22, 2018 resignation of Loudon Owen, Edwin Nordholm is the Interim Chairman of the Company and is independent from the Company's management.

BOARD MANDATE

As stated above, the Board is responsible for the stewardship of the Corporation. The mandate of the Board, more fully set out in Schedule "A" to this Information Circular, describes the Board's responsibilities and provides a list of specific matters which the Board must oversee and/or approve. The Board discharges its responsibilities directly, and through committees constituted by the Board.

POSITION DESCRIPTIONS

The Board has approved descriptions of the roles and responsibilities for the Chair of the Board and the CEO, outlining their respective authorities and responsibilities. The HRCG&N Committee reviews and recommends to the Board for approval the corporate objectives that the CEO is responsible for meeting. The CEO's performance evaluation is the responsibility of the Chair of the Board with input from the full Board.

ORIENTATION AND CONTINUING EDUCATION

In conjunction with the Chair, the HRCG&N Committee is responsible for the orientation and training of new directors.

When a director is elected to the Board, he or she will be given a letter of appointment outlining his or her duties, responsibilities, and remuneration, and an orientation package including material that will assist in familiarizing the new director with the Corporation.

On a frequent basis, members of management attend Board meetings or provide briefing papers to provide insights to the directors on the Corporation's operations, industry developments and the competitive landscape, or trends in governance matters, in order to keep the directors informed and up to date.

DIVERSITY

Posera recognizes the potential benefit of gender diversity in leadership positions, including with respect to its Board and executive officer positions. Diversity, including gender diversity, is considered in assessing potential candidates for appointment to the Board and to executive officer positions. However, the Board is of the view that it is in the best interests of the Corporation that all appointments are made on merit in the context of the skills, expertise and experience the Corporation requires. The Board recognizes the importance of having the flexibility to appoint qualified candidates when they are available, which may mean adding male or female candidates, and as a result cannot commit to selecting a candidate whose gender is a decisive factor in their appointment. Based on the foregoing, the Board has not adopted a formal policy concerning gender diversity for the Board or with respect to executive positions in the Corporation or a formal target to be achieved by a specified date for the gender composition of the Board or executive officers.

The Board's primary objective in the director identification and selection process, as set out above, is the identification of candidates possessing the skills, expertise and experience the Corporation requires, with gender not being a decisive factor in the candidate's selection.

As described above, the Board's primary objective in the executive officer identification and selection process is the identification of candidates possessing the skills, expertise and experience the Corporation requires, with gender not being a decisive factor in the candidate's selection. To the extent that the Board believes that executive officers need to be replaced or new executives hired diversity, including gender diversity will be part of the selection process.

Given that the Board's primary objective in director and executive officer identification and selection is the identification of candidates possessing the skills, expertise and experience the Corporation requires and in light of the Corporation's relatively small number of directors and officers, the Corporation has not adopted a formal target to be achieved by a specified date for the gender composition of the Board or executive officers.

Currently, there are no women on the Board or in the position of executive officer of the Corporation.

ETHICAL BUSINESS CONDUCT

The Board has adopted a code of ethical business conduct (the "Code"), which summarizes the standards of business conduct that are to guide the actions of all directors, officers and employees of the Corporation. The goal of the Code is to promote, above all, honest and ethical conduct and fair dealing in all business relationships with respect to all of the Corporation's stakeholders – including its shareholders, customers, suppliers, other business partners, regulators, and employees.

In addition, the Corporation has adopted "whistleblower" procedures so that an employee can report, on an anonymous basis if preferred, concerns that he or she may have regarding accounting, internal accounting controls or auditing matters as well as compliance with the Code. The Board is responsible for monitoring compliance with the Code and only the HRCG&N Committee of the Corporation or the Board may waive the application of any provision of the Code to a director or officer of the Corporation. Any amendments to the Code may only be made by the Board.

The Code was adopted in 2006. There were no material change reports filed during the fiscal year ended December 31, 2015 that relate to conduct which would have represented departures from the Code by any directors or officers of the Corporation.

A director or officer who is directly a party to a material transaction or is a director or officer of a party to a material transaction with the Corporation must disclose in writing the nature and extent of his or her interest in the transaction and subject to certain statutory exceptions shall not vote on any resolution to approve the transaction, all as detailed in the OBCA.

A copy of the Code is available on the Corporation's website at www.posera.com or on SEDAR at www.sedar.com.

HRCG&N COMMITTEE

The HRCG&N Committee of the Board is composed of one independent director and one director who is deemed to be non-independent under the CSA rules. The HRCG&N Committee recommends to the Board such compensation policies for the Chair of the Board, the directors and executive management to ensure alignment with shareholders' interests and corporate performance.

When reviewing candidates, the HRCG&N Committee takes into consideration factors such as the candidate's skills, commitment, and ability to add value to the Board. The candidate must have business experience compatible with the Corporation's strategic and business objectives, the ability to devote the time required, show support for the Corporation's mission and strategic objectives, and be willing to serve.

The HRCG&N Committee may engage outside advisors to assist in identifying qualified candidates. The charter of the HRCG&N Committee requires that all committee members satisfy the applicable independence requirements of NI 58-101, National Policy 58-101 Corporate Governance Guidelines ("NP 58-201"), and other regulatory requirements.

The HRCG&N Committee reviews directors' and officers' compensation once a year and makes its recommendations to the Board. To make its recommendations, the HRCG&N Committee takes into account the types of compensation and the amounts paid to directors and officers in comparable publicly-traded Canadian companies.

Board members, other than the CEO, are compensated for serving as directors of the Corporation and as Chairs or members of committees of the Board through a combination of stock options, cash compensation consisting of retainer fees and meeting fees, and reimbursement of reasonable related expenses. Specific details of the compensation of directors are provided under the heading, "Compensation of Directors".

The HRCG&N Committee is responsible to review and recommend to the Board the compensation for the CEO and may approve the compensation for each other member of executive management. It also

reviews management's recommendations for the granting of stock options to executive management and other key employees of the Corporation.

The HRCG&N Committee is also responsible to review the appointments and succession planning for executive management and has oversight responsibility for the Corporation's general human resources policies and practices.

AUDIT COMMITTEE

The charter of the Audit Committee of the Corporation is set out on pages 23 to 27 in the Corporation's Annual Information Form filed on March 28th, 2018 with the regulatory authorities and is available on the SEDAR website at www.sedar.com.

Report of the Audit Committee is provided under the heading, "Report of the Audit Committee".

OTHER BOARD COMMITTEES

The only board committees that the Corporation currently has are the Audit Committee and the HRCG&N Committee. However, the Board may form one or more special committees from time to time as required to review particular matters or transactions.

The Audit Committee is responsible for the Corporation's financial reporting process and the quality of its financial reporting. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors and monitor independence of those auditors. In 2004, the Audit Committee formally adopted an Audit Committee charter, which sets forth purposes of the Audit Committee and guidelines for its practices.

The composition of the Audit Committee complies with the provisions of NI 52-110. Under its charter, the Audit Committee's primary duties and responsibilities are:

- reviewing the scope of responsibilities and effectiveness of the internal audit group (if any) including internal audit reporting lines and their working relationship with the external auditors; and
- reviewing the annual audit plans of the internal (if any) and external auditors of the Corporation.

The Audit Committee reviewed all related party transactions between the Corporation and its subsidiaries and the officers and directors of the Corporation. SCHEDULE "A"
THE MANDATE OF THE BOARD OF DIRECTORS OF
POSERA LTD.

A. General

The Board of Directors (the "Board") of Posera Ltd. (the "Corporation") is responsible for the stewardship of the Corporation. The Board is to govern the Corporation and to protect and enhance the assets of the Corporation in the long-term best interests of all shareholders. Each director in exercising his or her powers and discharging his or her duties shall act honestly and in good faith with a view to the best interests of the Corporation and shall exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Although directors may be elected by the shareholders to bring special expertise or a special point of view to Board deliberations, they are generally not chosen to represent a particular constituency exclusively and must act in the best interests of the Corporation at all times.

Shareholders – to enhance value
